Overview

Pulchowki day hike take you to the highest hill in the Southern valley of Kathmandu valley. It is the land of freshness. The path is surrounded by dense forest that provides shelter to birds like Rufous gorgeted, flycatcher, Rufous bellied Niltava, yellow bowed tit, woodpecker and many more kinds of birds.

Pulchowki day hike start from Kathmandu & drive upto Godavari at a distance of 14 kilometres. It takes nearly forty minutes and after that you walk to the motorable forested path and are able to see rhododendron pink and white colors. The top of the hill you can find Phulchowki mai temple. The temple is surrounded by prayer flags. This temple sees festivals in the month of March, April or in July and August.

Pulchowki day hike offer you amazing landscape as well as beautiful Royal Botanical garden on the way. This tour gives a calm and relaxed atmosphere to the greeneries and uplifts the mood by seeing the beautiful medicinal plants and trees and the natural habitat which is the perfect form of serenity. Best seasons are September to December and from March to May.
