Overview

Shuklaphanta Wildlife tour takes you to the wildlife protected area of Terai of the [Far Western region](#). It falls under the category of savanna and grasslands ecoregion. The park has seven hundred species of Flora, 553 vascular plants. The rivers, lakes and ponds provide 28 fish species, 12 reptiles and amphibian.

During Shuklaphanta wildlife tour you can find wild animals like spotted deer, hog deer, blue bull, Nilgai, wildboar, tiger, leopard, sloth bear, wild elephants, Hispids roaming in the park. Birds like swamp Francolin, Rufous rumped grassbird, chestnut capped babbler, spot bellied eagle owl, dusky eagle owl etc. can be found inside the park area. The open grasslands, waterholes make it an ideal setting for the jungle safari for the tourists. Best times to visit are September to December and from March to May.
